

# EVOLUTION™

THE STRETCH WRAPPING REVOLUTION

by Western Plastics

**The Evolution and Litewrapper**  
Litewrapper dispenser has a unique tensioning method, which allows users to wrap pallets with one hand. No bending, stretching or walking.

Litewrapper film is stiffer and stronger than conventional films and it's already prestretched. Litewrapper film give greater load holding force and reduces load shifting during transit.

Option of a custom fit all steel ramp for pallet jack loading.

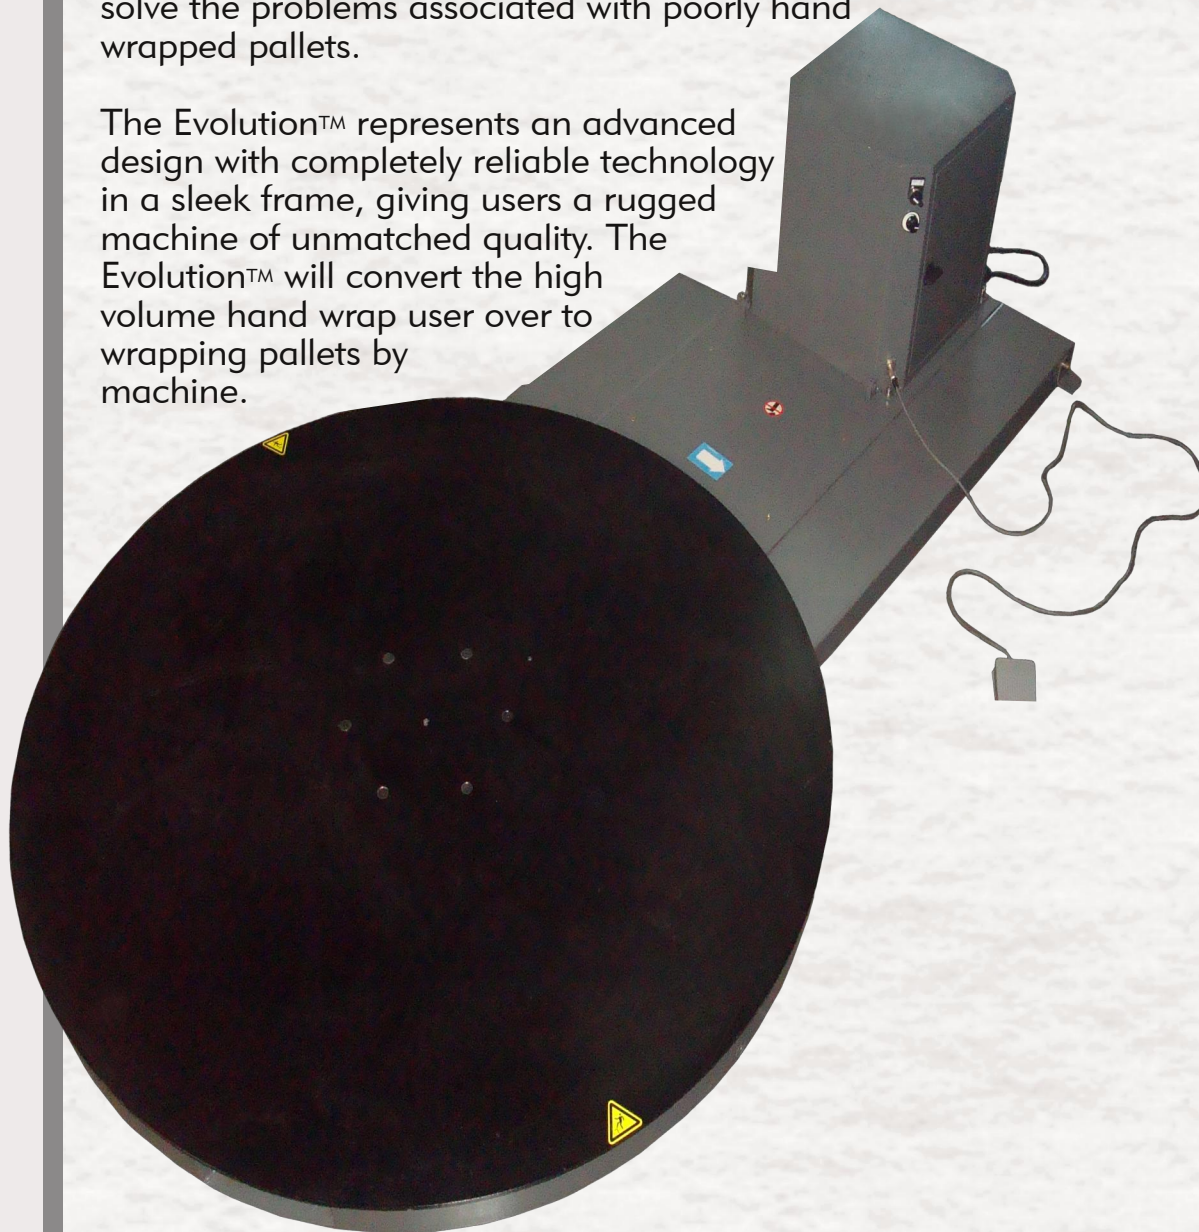

The Evolution™ uses 16 extra wide support rollers and heavy-duty chain drive.

## *Evolution™*

### Low Profile Stretch Wrapper

The evolution revolution. It is the new value priced semi automatic stretch wrapper. This price competitive workhorse will give you years of trouble free operation. It will solve the problems associated with poorly hand wrapped pallets.

The Evolution™ represents an advanced design with completely reliable technology in a sleek frame, giving users a rugged machine of unmatched quality. The Evolution™ will convert the high volume hand wrap user over to wrapping pallets by machine.
