

February 5, 2018

Dear Valued Customer,

We have been informed by our resin suppliers that our prices for resin will increase effective February 1, 2018. This increase is expected to take hold due to a variety of factors including strengthening demand, supply chain disruptions and other related input cost increases.

As a result, Berry Global will implement a 4-6% increase on all **Stretch Film** products. This increase will take effect with all orders placed on or after February 26, 2018. Berry Global reserves the right to limit the size of orders to historical quantities to better serve the anticipated demand of our customers. Orders must call for immediate delivery.

Your local Berry Global **Stretch Film** sales representative will keep you abreast of changing market conditions and will be available to answer any questions you may have.

Thank you for your business and continued support.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Patrick", written in a cursive style.
