April 5, 2016

Dear Valued Customer,

Our polyethylene resin suppliers have informed us of their intentions to implement a resin price increase effective April 1<sup>st</sup>. Improving global and domestic demand, along with rising feedstock costs are currently supporting this increase.

**In response to this April 1<sup>st</sup> resin increase, all new orders received on or after May 2nd will be priced at a 5% increase. This increase is in addition to our previously announced increase implemented April 4th.**

**All orders must call for immediate delivery. Based on current lead-times, Sigma Stretch Film can only accept a limited number of new orders. Sigma Stretch Film reserves the right to accept or decline all orders for any reason. Please check with your local plant location.**

Orders placed at current prices will be limited to **less than** one month of your normal purchase levels. Pricing for orders accepted is based upon local lead-times and available resin.

As always, Sigma Stretch Film strives to communicate these increases with adequate lead time and when they are likely to be implemented. Sigma Stretch Film will adjust our position should this resin increase be modified or unsuccessful.

Your Sigma Stretch Film sales representative will be in contact with you to answer any of your questions and advise you of changing market conditions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bill Lenchinsky".

Bill Lenchinsky  
Executive Vice President
