Ref: Pallet Stretch Film Price Increase

Dear Valued Customer:

Resin manufacturers have announced an industry-wide increase on LLDPE to take effect in April. As a result of this resin increase, Western Plastics must implement an increase on all stretch films as follows:

**All Pallet Stretch Films                      5%**

Normal order requirements received on or before May 06, 2016, calling for immediate shipping will be invoiced at current levels. Orders received on or after May 9, 2016 will be billed at the increased price.

Western Plastics continues to offer a range of down-gauged, high performance films designed to keep your film costs low. The expanded HYBRiD80 line of film is available in:

<b>HYBRiD80</b>	<b>Banding Film</b>
<b>HYBRiD80</b>	<b>Hand and Machine Film</b>
<b>HYBRiD80</b>	<b>Wide Web Film</b>
<b>HYBRiD80</b>	<b>Color Film</b>
<b>HYBRiD80</b>	<b>Extended Core Film</b>
<b>HYBRiD80</b>	<b>Engineered Films</b>

Call us today for an alternate, high performance stretch film and improve your stretch film margins.

Thank you for your continued support of Western Plastics.

Sincerely,

A handwritten signature in black ink, appearing to read 'P. Cunningham', is written over a light blue horizontal line.

**Patrick Cunningham**  
**Vice President**  
**Western Plastics**
